YOGA

AERIAL YOGA: Aerial Yoga uses suspension yoga training to deepen your practice and ease into postures. The hammock is used to deepen stretches without compressing the spine.

BHAKTI FLOW: Bhakti (meaning Love and Devotion) Flow combines the chanting of universal mantras with the grace of vinyasa flow yoga. Expect many different postures woven into a sequence with ujjayi breathing and mindful alignment.

FLOW & RESTORE YOGA: This is a gracefully sequenced class blending fluid movements, strength building and calming effects. Poses are rooted in awakening the breath and body.

HATHA YOGA: In this class, full-body relaxation and balance are the goals, as we make a full circuit of the body's range of motion with standing postures, twists and backbends.

HOT VINYASA FLOW YOGA: In this class, use muscle engagement and long pose holds for strength and flexibility. Studio temperature creates conditions for optimal sweat.

MELT: The MELT Method® (MELT®) is a treatment using a soft Melt roller and ball to reduce the effects of accumulated tension and stress caused by daily living.

YIN YOGA: Yin yoga is a slower form of yoga that targets the deep connective tissues, joints, and bones. Poses are held for a longer period of time with props to assist in comfort.

MOVEMENT

BARRE: Barre isolates the major muscles of the body for a deep, strengthening burn. Enjoy the lengthening, toning effects of ballet and Pilates combined into this class.

CORE CHISEL: This class focuses on endurance weight lifting. Each major muscle group, especially core, will be effectively toned and trained for a full body resistance training workout.

HIIT TABATA: This class uses equipment such as dumbbells and kettlebells for a maximum calorie burn and High Intensity Interval Training (HIIT) workout.

KNOCKOUT WORKOUT: Learn kickboxing skills in this class (abs, jabs, and more) alternated with strengthening exercises to build lean muscle. *No previous experience required.*

MASTER'S SWIM: This advanced swim workout is led by World Champion triathlete Josiah Middaugh. Workouts are

3500 - 4200 yds in duration and incorporate minimal coaching.

TOTAL BODY SCULPT: Exercise all muscle groups with a variety of strengthening and conditioning movements incorporating props like hand weights, resistance bands and your own body.

STRENGTH & CONDITIONING: This total-body workout uses body weight and dumbbells to strengthen muscles, improve functional mobility and endurance.

BOOT CAMP

BOOT CAMP: Taking place in the newly remodeled Studio M, Bootcamp will take a balanced approach of strength, power, cardio and flexibility using the Skillrun Treadmill, a personal bench and weight station. Coached by our ACW trainers, this class is designed for all ages and levels of fitness to give you a workout like no other. Limited to 8 participants.
